## TAKE A STEP OF FAITH...

A trip to Sierra Leone not only impacts the lives of people in our Bridge of Hope communities, but it makes an amazing impact on your own life as well. It can grow your faith, open your eyes to the needs of the world and allows you to experience first hand what life is like in a completely different part of the world. The purpose of a Bridge trip is to provide an opportunity for individuals, families and teams to serve one another and use their gifts to show God's love to others. Our hope is that through helping our friends in one of the poorest countries in the world that you will have a life-changing experience yourself and will return home inspired!
